European-Vietnamese Higher Education Network for Sustainable Forest- and Bio-Economy

Application in summer school in Vietnam September 2019 and preliminary sign up for summer schools in Spain and Vietnam 2020

European-Vietnamese Higher Education Network for Sustainable Forest- and Bio-Economy offers three summer schools to the forestry students. The summer school gives an opportunity:

- 1 To participate to the international forest and bio-economy teaching – two weeks in Vietnam or Spain.
- 2 To experience extra-curriculum program.
- 3 To experience great two weeks with German, Spanish and Vietnamese students and teachers.

The name of the intensive teaching period is summer school – not necessary implemented during summer.

The summer schools in Vietnam and Spain

There are three possibilities to participate in the summer school:

Vietnam September 2019 (16.9. – 27.9.)

Spain February 2020 (3.2. – 14.2.)

Vietnam March 2020 (16.- 27.3)

A student can only participate in one summer school. Maximum number of participating students is seven students per summer school and university => it gives possibility to altogether 21 students of XAMK to experience international summer school. If there are applicants from both päiväopinnot and monimuotoopinnot, the seven students are chosen according to 5 - 6 päivä/1 - 2 monimuoto.

Students are chosen according to the following criteria: total amount of ETCS credit points and the average of credit points grades. Working language is English.

The students will earn 3 ETCS-points when participating in the summer school. Assignment before and during the travel will raise the ETCS-points to 5.

The student participates in four modules (courses), two on each week. The list of possible modules is in the end of this form: two thirds of the modules will be organized in one summer school. The sign-up for the modules is announced later. The overall program of the summer school week is 4 days teaching + excursion day and free weekend between weeks.

If you need additional information, please contact Pasi, project coordinator of Xamk.

Proposed Course/Module	Lead Partner	Lead HEI
Bioeconomy Strategies	Tobias	HNEE
Protected Area Conservation and Management	Sam	VNUF
Biodiversity and Genetic Resource Conservation	Charo	Uva
Agroforestry Landscape	Hung	TUAF
Forest inventory & biomass (focus on underground biomass)	Hung	VNUF
Remote Sensing for Aboveground Biomass Estimation	Thanh	VNU-HUS
Aboveground Biomass Spatial Dimensions / Assessment Methods and Applications	Jan-Peter	HNEE
Adaptive Management: Developing Innovative Alternatives for Bioeconomy	Felipe	Uva
Forest Management for Bioenergy Production	Son	TUAF
Dynamic System Modeling	Linh	VNU-HUS
Environmental Economics: Chances and Challenges for Human Wellbeing	Carsten	HNEE
Forest Resource Economics	Ha	VNUF
Climate Change and Ecosystem Services	Manh/Le Duc	VNU-HUS/Uva
Adding value of non-timber bio-based products	Huong	TUAF
Logistic applications in sustainable forest-based bioeconomy	Timo	XAMK
Opportunities for Entrepreneurship in Bioeconomy	Kirsi	XAMK
Consultancy and Service Production in Bioeconomy	Pasi	XAMK
Multifunctional Forestry	Jose	Uva

Application form Vietnam September 2019 (16.9. – 27.9.)

A student receives EU-grant of 820 € to the travel expenses and 770 € to the cost of stay. The grant will cover most of the costs, but a student must be prepared to pay some of the costs by him- or herself. The flight ticket price will be found out when reserving the flight, but the grant should be sufficient. Travels in Finland are student to pay.

The cost of stay is 55 €/day, of which about 35 €/day covers the accommodation in dormitory, breakfasts, lunches and coffee breaks. 20 € is left to own expenses (e.g. a dinner at a street restaurant costs about 5 € incl. multiple cuisines and drinks).

Check your passport => must be valid 6 months after the travel

Timeline: Application ends 30.4.
 Sign up for modules spring 2019
 The purchase of the flight tickets in June 2019
 The departure during weekend 14. – 15.9.2019
 The return on Saturday 28.9.2019

Name: _____

Your predicted ETCS-points in September 2019: _____

Average of the credit points grades at the time of application: _____

Extra information concerning the application: _____

Preliminary sign up for Spain in February 2020 (3.2. – 14.2.) and Vietnam in March 2020 (16.- 27.3)

If you are interested in applying summer school later – please fill in this form.

Costs are to be announced later.
